Hello Mr. Harold Weisberg:

I have a news story which says that the private investigators of Aristotle Onassis have uncovered without any doubt whatsoever the true identities of the actual killers of President Kennedy. This

is terrific news. 2.
Get in touch
with Onassis
and try to get
some details
from him. This
is The Real Mc Coy.
Hooray, Hooray
Hooray For The
Great Onassis!
→ have always
felt that some
man who was
really determined

to find the truth would eventually dig it out. Onassis is that man.

Cordially,

Harry Kogut,

P.S. Onassis is the husband of Jackie Kennedy. Oswald's mother

should be very happy to get this sensational news.
